Our Mission

Sustainably deliver profitable, diversified energy solutions through operational excellence, skilled workforce and effective partnership.

Our Strategy

Our strategy is to grow physical trading volumes and revenues by delivering excellent customer service while managing operational and financial risk and optimizing efficiency.

Our Vision & Core Values

Our vision is to become world class independent trading company delivering premium value to all stakeholders in petroleum and petrochemical industry by providing our clients with first class technical expertise and service, delivered through excellent marketing, documentation, operation and logistics hence creating values for our clients.

Customer Partnership

Our Business Model

We have an integrated and inclusive business model that has served us, our people and our customers well, as ADEPT has grown rapidly, expanding into new markets, product areas and regions throughout the world. The real key to our success is the way we bring things together. We operate a downstream business, where we distribute and sell our products through our retail, wholesale and business-to-business relationships; and this is connected seamlessly to our midstream operations, through which we manage vast quantities of petroleum and petrochemical products, store them safely and transport them to wherever needed in the world.

OMID NASEH

I stand before you today, with a heart brimming with pride and gratitude for the journey we have embarked upon as a team, a family dedicated to excellence in the realm of petroleum products trading.

Our vision led us into the digital realm, where we've become a recognized exporter. But this is just the beginning. Growth isn't just about numbers; it's about collective evolution. Each of you is instrumental in our success, and together, we'll not only meet expectations but exceed them.

As we navigate through technological shifts and industry trends, let's remember that we are architects of our destiny. Our journey is a continuous commitment to innovation, resilience, and customer-centric solutions. The road ahead is promising, and I believe in our collective ability to seize opportunities, overcome challenges, and redefine industry standards.

Let's continue to dream big, strive for excellence, and reach new heights as a team.

Onward to success!

We Make Trade Happen:

Global trade brings the world closer together. It grows the wealth of nations, forges common interests and builds mutual trust, and we make it our mission to do that responsibly. We deploy infrastructure, skills and our global network to move physical commodities from places they are plentiful to where they are most needed. We have been connecting our customers to the global economy by advancing trade. ADEPT's core business is physical trading and logistics; our assets and investments complement and enhance these activities. With offices in main zones of the world, ADEPT's network is truly global. In a fragmented market where no single company has a dominant position, we are one of the world's traders by big volume of oil, petroleum and petrochemical products.

Outlook:

- . Well Positioned for further growth and profit from developments.
- . Optimistic about the opportunities for further business developments.
- . Greater volatility by balancing between supply and demand in petroleum products.

ADEPT's Strategy is not to build volume for its own sake but to seek critical mass across regions and product segments as a top-tier global player. Regionally, we further strengthened our position as a lead-ing supplier and exporter of petroleum and petrochemical products and consolidated our position as one

BITUMEN

Bitumen is a dark brown to black viscous liquid or solid, consisting essentially of hydrocarbons and their derivatives. It is soluble in trichloroethylene, is substantially non-volatile, and softens gradually when heated. Bitumen is obtained by refining petroleum crude oil, although it is also found as a naturally occurring deposit.
